NON-VIOLENCE FOR LIFE

7PM., SATURDAY MARCH 1, 2008

TRINITY EPISCOPAL CHURCH, 1500 STATE ST., SANTA BARBARA, CA 93101

Special Presentation by Pacific Islanders on the Impact of Nuclear Testing and I.C.B.M. Testing in Micronesia.

Sponsored by: Pacific Life Community, Trinity Episcopal Church, Guadalupe Catholic Worker, Los Angeles Catholic Worker, Global Network Against Weapons and Nuclear Power in Space.

COMMEMORATING 25 YEARS OF RESISTANCE TO NUCLEAR WEAPONS!

Vandenberg first began testing the MX ("Peacekeeper") ICBM in 1983 amid massive protests and hundreds of arrests, and not only has continued ICBM testing but now has deployed interceptor missiles for the "Star Wars" program and is home to the Joint Space Operations Center which collects and forwards satellite data to wars in Iraq and Afghanistan as well as covert operations around the world.

Join Bruce Gagnon, Coordinator of the Global Network Against Weapons and Nuclear Power in space. Bruce is an incredible organizer and has much to share about our collective efforts to rid the world of nuclear weapons.

We will also listen to John Dear, lifelong peace-activist/author and inspiring speaker to reflect on the grounding of non-violence in our lives as we look toward a future of peacemaking.
